

How to approach new patient cases if not visible in 'My Dashboard'

Instructions for users, who have already completed the patient cases in the **Level 1 Full Package** before new cases are launched on the site:

Please follow these steps:

Click on **List of Completed Courses** in the block **Completed Courses, Programs, and Certifications** on the left side when in **My Dashboard**:

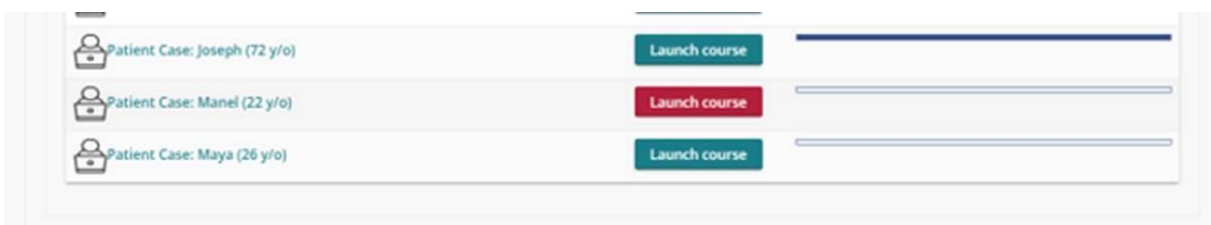

Then click on **Programs** in the mid tab:

Then click below on **Level 1 Full Package**:

Then you will see the list of patient cases. Please scroll down to the new cases and click **Launch course**:

Currently you have to follow these steps when stopping the course during progress and resuming later.
